**Gm Cm**

**Cm Ab Bb** (4x, triple strums each chord)

Chorus

**Cm** **Gm** **Cm** **Gm**

Although I m sure it s makebelief, I trust myself it s but a dream (2x)

When played on keys, one may actually note that the Cm s during the verses are played alternating with the Ab chord continuously. For clarity the Ab strums in the verses where omitted, but you can of experiment to find some way to play the song true to its character, although full chord strum seem out of the question.

Lyrics, especially the first two lines are a bit iffy.
