

**People Change**  
**Mipso**

**G Am C G Am C x2**

**G Am**  
Maybe in ten years  
**C G**  
You ll call me on your telephone  
**C G**  
Wondering if I m all alone  
**Am D**  
Remember how we knew each other?  
**G Am C G**  
In ten years, everyone s moved down the line  
**C G**  
And we ve all ended up fine  
**D**  
I no longer know your number  
**Am G C**  
I used to love you like the world would end  
**Am G D**  
I used to love you like a child  
**Am G Am C**  
The thing about people is they change  
**G Am C**  
When they walk away

**G Am C G Am C**

**G Am**  
We used to talk real slow  
**C G**  
About the things that no one knows  
**C G**  
I hate when people bring flowers  
**Am D**  
Trapped in glass their final hour  
**G Am C G**  
And life rolls, it s all so fast until it slows  
**C G**  
We cried that night in Carrboro  
**D**  
Realized we were letting go  
**Am G C**  
I used to love you like the world would end  
**Am G D**  
I used to love you like a child  
**Am G Am C**  
The thing about people is they change
