

Ode To Fury
Miracle Of Sound

[Verse]

Em
Bellows of pain

And scraping of chains
D **Em**
The echoes they taunt and deceive me

Em
Oceans of blame

And rivers of shame
D **Em**
The fury it never leaves me

Em
Grief in the snow

The winter of woe
D **Em**
Has come here to judge and bereave me

Em
Lock up the rage

It rattles the cage
D **Em**
The fury it never leaves me

[Instrumental] (with chant)
Em Em D Em (x2)

[Verse]

Em
Always within

To lurk in the skin
D **Em**
The wounds ever aching so deeply

Em
Try as I may

To hide it away
D **Em**
The fury it never leaves me

[Chorus]

C **Em**
Long I ve suffered the hunger
D **A**
Long I ve silenced the cry
C **Em**
Long I ve fled from the thunder
D **Bm**
To ascend, still I try

Em
To carry the pain
D **Em**
To keep it contained till the end
Em
To carry the pain
D **Em**
To keep it contained till the end

[Instrumental] (with chant)

Em Em D Em (x2)

[Bridge]

Em
Pour out the anger and hide it away
D **Em**
Lest it spill to the blameless and lead them to pain
Em
In the steel and the rags I will cover the shame
D **Em**
So the innocent need not be judged in my name

Em
Pour out the anger and hide it away
D **Em**
Lest it spill to the blameless and lead them to pain
Em
In the steel and the rags I will cover the shame
D **Em**
So the innocent need not be judged in my name
