Engine Heart
Mirah

This song isn't played with guitar but I thought it'd be fun to go ahead and

figure out the chords for it, for tose of us who don't own cool little
instruments.
   You can just put a capo on the first fret and remove all the sharps. Either
way I play it with barre chords so it doesn't matter.
(Bbm = A#m, so if you're using a capo on the first fret just turn it into a
regular Am. I'm just making things more complicated than they need to be,
arent I?) -Ani
