I Can t Take It, I Should Hate You

Gotta walk my talk, my fame, but I just want to touch your face.
It s disgusting.

Thinking i might gotta change my name,
If I m gonna walk this walk of shame.

It s green and red and stop and go. Changing all the time.
And it makes me scared, that I haven t Left
That it s still right here, more or or or less.

Jump Out In Traffic, Yeah,I gotta go my own way.
My head is slipping, too intense I need an escape
I m seeing stars and there is nothing more than I hate, baby.
There is something that I gotta say.
