

Desperation

Miranda Lambert

C
Throw a dog a bone,
G **Am G**
I ll take it if i have to
C **G** **Am G**
Go real fast like there s somewhere we can get to
C **G**
What s the use of standing right there on the edge
Am **G**
if there ain t nowhere to fall
C **G**
What s the use in hanging on tight to the phone
Am **G**
If nobody might call

[Chorus:]

C G Am G
Desperation
C G Am G
There s danger in frustration
C **G**
Complicated words slipping off of your tongue and
Am **F**
ain t one of them the truth
C G C
I m still desperate for you

(same chords as 1st verse)

Tell it like a lie,
live it like a movie
Give a heart away like it don t mean nothing to me
What s the use in making all the plans that we made if you weren t gonna go
What s the use of slapping on a smile for a face if your eyes don t wanna show

[Repeat Chorus:]

G
Well it s too damn bad you didn t have a chance
C **Am**
to make me your best friend
G
You were too caught up in giving too much up
C **Am**
and not doing what you should have been

[Repeat Chorus:]
