It sounds best if you fingerpick!

Intro: **Am**

Am

The rain has moved on
And left a new day

Nothing seems to move everything is still
It s just a perfect day

The shadows and light
That move with the wind

Hidden violets grow splashed with summer spray
Just another perfect day

On the wild and misty hillside

Fear is nature's warning
Hunger here is never far away

And all of this world
Is for children who play

Days that never end
always should remain
Another perfect day
