**Am**

The rain has moved on  
And left a new day

Nothing seems to move everything is still  
It s just a perfect day

The shadows and light  
That move with the wind

Hidden violets grow splashed with summer spray  
Just another perfect day

On the wild and misty hillside  
Fear is nature's warning

Hunger here is never far away  
And all of this world  
Is for children who play

Days that never end  
always should remain

Another perfect day
