### HOUSE HUNTING SONG - Pendleton Ward

**F** **G**  
So Finn and Jake set out to find a new home,

**E/G#** **C**  
But is gonna be tough for a kid and a dog on their own.

**F** **Dm**  
There s a little house, aww Finn s sticking his foot in.

**G** **F** **G**  
Well that s a bad idea dude, cos now that bird thinks you re a jerk Finn.

**C**  
Now they re chilling on the side of a hill,

**Am** **Em**  
Thinking living in a cloud would be totally thrilling,

**F**  
unless they find something inside,

**E** **E/G#**  
Like a mean cloud man and his beautiful cloud bride.

**C** **Em** **Am**  
A beehive oh no! Don t put your foot in there guy.

**F** **E** **E/G#**  
Y all tried that before and you know it didn t turn our right.

**Am** **F** **G**  
A Big Shell, go inside. Look around it seems alright.

**E/G#**                                **Am**                                **C**  
A Frog jumps out, Barfs a tiger, throwing down potions for food and fire.

**Am**    **Am/G**                                **F**                                **E**  
You know you should have stayed and fought that sexy vampire lady,

**F**    **G**  
but Jake was feeling terrified and was super scared of her vampire bite.

**C**    **Am**                                **F**                                **E**  
Which is understandable cos vampires are really powerful.

**F**    **E**  
They re unreasonable and burnt out on dealing with mortals.

**C**    **G**  
Oh Marceline why are you so mean?

**Am**    **F**  
I m not mean, I m 1000 years old and I just lost track of my moral code.

**C**    **G**  
Oh Marceline, can t you see these guys are in pain?

**Am**    **F**  
No I can t, I m invested in this really cute video game.

**F**    **G**  
There go our boys walkin on the icy ground,

**E/G#**    **C**  
Headin towards their destiny. I m sure they ll figure something out.
