

Vocaloid - Cantarella  
Misc Cartoons

Hi this is my second submitted chord transcription. I m no guitar expert so please excuse me if this is not good enough XP This worked pretty well for me and I thought I d share it since there s so little Vocaloid songs here. So do rate and review and let me know! ^^

Note: There s a violin solo which I couldn t transcribe so I m just substituting it with the intro. Plus there are lots of up beats and the change of chords is fast, about 1 and half to 2 beats for most.
