

Vocaloid - Promise

Misc Cartoons

I m no guitar expert but I tried translating it worked for me so thought I d share it since the Vocaloid database is so small :) Hope it s ok and hope you like it or if there s any improvements I can make do let rate and review to let me know! ^^

Note:The chords are simple and they are sung at a lower pitch (which is easier for me).

I m also substituting the guitar solo with the chords used in intro.
