**E**  
Run through the cold of the night  
**F#m D**  
As passion burns in your heart  
**A E F#m D**  
Ready to fight, a knife held close by your side  
**A E**  
Like a proud wolf alone in the dark  
**F#m D**  
With eyes that watch the world  
**A E F#m A**  
And my name like a shadow on the face of the moon

[CHORUS]  
**A E F#m**  
Broken mirror, a million shades of light  
**D A**  
The old echo fades away  
**E A**  
But just you and I  
**E F#m**  
Can find the answer and then  
**A E**  
We can run to the end of the world  
**F#m E**  
We can run to the end  
**A**  
Of the world  
**A E**  
Cold fire clenched to my heart

**F#m D**

In the blue of night

**A E F#m D**

Torn by this pain, I ll paint your name in sound

**A**

And the girl of the dawn

**E F#m D**

With eyes of blue and angel wings

**A E A**

The songs of the season are her only crown

[CHORUS]

**A E**

We met in the mist of morning

**F#m D**

And parted deep in the night

**A F#m A**

Broken sword and shield and tears that never fall

**A**

But run through the heart

**E F#m D**

Washed away by the darkest water

**A E A**

The world is peaceful and still

[CHORUS]

**F#m E**

Run to the end

**A**

of the world
