NOTES:

Hi! This is my first tab I m submitting for public use. When I was looking for chords for this amazing song, I couldn t find any accurate ones, so I decided to make my own!

b = flat

X + 4 = play the X major chord, with the 3rd note changed to the 4th. Ex. Eb + 4 = play Eb, Ab, and Bb.

capital letters = major, lowercase letters = minor. simple enough.

Enjoy!
