[Intro]
Can you imagine? What would happen?
If we could have any dream
I d wish this moment, was ours to own it
And that it would never leave
             Em7
Then I would thank that star
That made our wish come true (come true) oh yeah
Cause he knows that where you are, is where I should be too
[Chorus]
Right here, right now
I\hat{a}€^{\text{m}}m looking at you and my heart loves the view
Cause you mean everything
Right here, I promise you somehow
That tomorrow can wait for some other day to be (to be)
                       Α
But right now there's you and me
[Bridge]
Oh we know its coming
And it's coming fast
(As long when there's you and me) (Oh yeah)
So let's make every second last, make it last!
[Chorus]
