CAPO II

**C**

The miles go by

**F**

Like water under the bridge

**G**

Reach for tomorrow

**C C/B Am**

With the new sunrise

The road before us

**Dm**

Leading to what we need

**F**

Right from the start follow our hearts

**G**

Giving more than we receive

**F**

Cause in this country

**G**

Our hearts are open

**C**

**F**

We are free to try again

**Dm**

When we see

**G**

What will be

**C**

Again we believe

I travel on an open road

**F**

To the future today

**G**

A restless heart

**C C/B Am**

Knows when he s ready to go

The never-ending miles unfold

**Dm**

As far as I can see

**F**

Right from the start follow our hearts

**G**

No matter where the path may lead

**F**

Cause in this country

**G**

Our hearts are open

**C**

**F**

We are free to fly again

**Dm**

When we see

**G**

What will be

**C**

Again we believe

**C C/B Am**

**F**

You know the road is to tomorrow

**Am**

**F**

Will you ride along with me again?

**C**

Give my life for yours

**Dm**

If you only say the word

**C**

**F**

From the past to the new

**C**

**G**

Giving more than you receive

**F**

Cause in this country

**G**

Our hearts are open

**C**

**F**

We are free to try again

When we see

**G**

What will be

Again we believe
