Rock the Red Head (from QL)

I was watching this Quantum Leap(sci fi tv prog) last night. In the episode the lead character becomes a member of a 70s heavy metal band. I found that one of the songs they were playing, although short, was very good. I desperately scribbled down the lyrics, and after the programme was over, added some simple chords. I thought it may be of interest, see if you like it. Play it good and loud..

A **D**
She was six foot four barely fits through the door,

G **Am**
but her hair was the colour of fire.

A **D**
She said what you need is some horizontal speed,

G **Am**
let me take all your desire.
