

Jamie At Home Theme
Misc Television

I tabbed out the theme-song from Jamie At Home. Have fun!

Song: In My World
Artist: TIM KAY
Tabbed by: Josa Valentin

D **C#7M**
Iâ´ll show you,
D
What it takes to feed my mind,
C#7M **G**
You go through, reading all my signs

It was a lovely day,
When everything was everywhere
And now love came in to season

D **C#7M**
I didnâ´t know you
D
Nice little dreams you push to side
G
Can we take to until we see those eyes we love to hide

And Iâ´m alone in bed , In someone else's head
And now love came in to season

Bm **E**
Take time and make yourself feel good
G
And you do whatever you want

Cause you can now, in my world
Bm **D** **G**
Make it up for losing so much time
D **C#7M**
Cause you can now, in my world

D **C#7M** **D**

We want to take a little walk down this room you know

C#7M

Iâ€™m not scared to

G

Cause If we get back we can take it real slow

Another lovely day

When everything was everywhere

And now love came in to season

Bm

E

Take time and make yourself feel good

G

And you do whatever you want

Cause you can now, in my world

Bm

D

G

Make it up for losing so much time

D C#7M

Cause you can now, in my world

Iâ€™m gonna make you feel alright

Iâ€™m gonna make you hold on tight?

On tight
