

Snuff Box Theme
Misc Television

Theme Song for the BBC3 comedy series Snuff Box, written by Matt Berry.

The song just has two chords for the whole thing.

Dm7 x00211

G 320003

or for ukulele

Dm7 2213

G 0232

Dm7 **G**
I can t be in love if it s plastic,
Dm7 **G**
To live on my own just seems tragic
Dm7 **G**
But we ll raise our swords high when our day comes,
Dm7 **G**
You thought it was gold but it was bronze.

So...

2x Chorus:

Dm7 **G**
Get here in time when our day comes,
Dm7 **G**
You thought it was gold but it was bronze.

Continue for rest of song.

So i guess it s goodbye now it s over,
Nothing much changed we re just older,
But if i see you again back in detox,
Put my remains in my snuff box!

So...

2x Chorus:

Get here in time when our day comes,
You thought it was gold but, it was bronze.

Well it s not long now till it s over,
nothing much changed we re just older,
but if I see you again back in detox,
Put my remains in my snuff box!

So

2x Chorus:

Get here in time when our day comes,

You thought it was gold but, it was bro-ah-onze (fade out)

Nice and simple. Awesome song as well.
