Tell the clock on the wall
Forget the wake-up call
 Cos the night s not nearly through
Wipe the sleep from your eyes
Give yourself a surprise
Let your worries wait another day

And if you stay too late in the bar
At least you made it out this far
So make up your mind and say
Let s do it anyway

CHORUS: Repeat

Life s too short to worry about

      Am
The things that you can live without
