

Autumn Days

Misc Traditional

[Verse]

C **G** **F** **G**
Autumn days, when the grass is jewelled
 C **G** **F** **G**
And the silk inside a chestnut shell
C **G** **F** **G**
Jet planes meeting in the air to be refuelled
 Am **G**
All these things I love so well

[Chorus]

C **Em**
So I mustnâ€™t forget
 F **D7**
No, I mustnâ€™t for - get
 C **G** **F**
To say a great big thank you
G **C**
I mustnâ€™t forget.

[Verse]

Clouds that look like familiar faces
And a winterâ€™s moon with frosted rings
Smell of bacon as I fasten up my laces
And the song the milkman sings.

[Verse]

Whipped-up spray that is rainbow-scattered
And a swallow curving in the sky
Shoes so comfy though theyâ€™re worn out and theyâ€™re battered
And the taste of apple pie.

[Verse]

Scent of gardens when the rainâ€™s been falling
And a minnow darting down a stream
Picked-up engine thatâ€™s been stuttering and stalling
And a win for my home team.
