Long Black Veil  
(traditional)

**G**  
Ten years ago on a cold dark night  
    **D**        **D7**                    **C**            **G**  
There was someone shot neath the town hall light  
    **G**  
Few were at the scene but they all agree  
    **D**                    **D7**                    **C**            **G**  
That the man did the shooting looked a lot like me

The judge said Son, what is your alibi  
If you were somewhere else you won t have to die  
I spoke not a word, though it meant my life  
For I d been in the arms of my best friends wife

(Chorus)  
    **C**        **G**                    **C**        **D7**        **G**  
She walks these hills in a long black veil  
    **C**        **G**                    **C**        **D7**        **G**  
She visits my grave while the night winds wail  
            **B7**        **C**            **G**  
Nobody knows, nobody sees,  
**A7**        **D7**            **G**  
Nobody knows but me

The scaffold was high, and eternity near  
She stood in the crowd, but she shed not a tear  
But sometimes late at night, when the cold wind moans  
She visits my grave, and she cries o er my bones

(Chorus)
