Peggy Gordon chords  
Scottish / Irish Folk

**D**                    **G**                    **D A**  
Oh, Peggy Gordon you are my darling  
**G**                    **D**                    **A**  
Come sit you down upon my knee  
**G**                    **D G**                    **D A**  
Come tell to me the very reason  
**G**                    **D**                    **A**                    **D**  
Why I am slighted so by thee

**G**                    **D A**  
I m so in love I can t deny it  
**G**                    **D**                    **A**  
My heart lies smothered in my breast  
**G**                    **D G**                    **D**                    **A**  
It s not for you to let the world know it  
**G**                    **D**                    **A**                    **D**  
A troubled mind can know no rest

**G**                    **D A**  
I did put my head to a cask of brandy  
**G**                    **D**                    **A**  
It was my fancy I do declare  
**G**                    **D**                    **G**                    **D**                    **A**  
For when I m drinking I am thinking  
**G**                    **D**                    **A**                    **D**  
And wishing Peggy Gordon was here

**G**                    **D A**  
I wish I was away in Ingo  
**G**                    **D**                    **A**  
Far across the briny sea  
**G**                    **D G**                    **D A**  
Sailing o er the deepest ocean  
**G**                    **D**                    **A**                    **D**  
Where love nor care never bother me

**G**                    **D A**  
I wish I was in some lonesome valley  
**G**                    **D**                    **A**  
Where womankind can not be found  
**G**    **D G**    **D A**  
Where the pretty small birds do change their voices  
**G**                    **D**                    **A**                    **D**  
And every moment a different sound

**D**                    **G**                    **D A**  
Oh, Peggy Gordon you are my darling

**G**                    **D**                    **A**  
Come sit you down upon my knee

**G**                    **D G**                    **D A**  
Come tell to me the very reason

**G**                    **D**                    **A**                    **D**  
Why I am slighted so by thee

**G**                    **D**                    **A**                    **D**  
Why I am slighted so by thee
