

A Censored Sunlight - Temperance
Misc Unsigned Bands

Am7, Cm7, Fm7

Where is this hell I m burning I m stuck inside the inferno. Where are my demons
living
I m caught within the temptation, yeah... I m lost beneath my soul, I m dancing
with the
ghosts, I m on the run can t seem to find the virtue. I m drowning in your
heart, I m
sealing up the wounds. I just can t seem to find my place.

Am, G, F

You draw me oh so close and then you turn your back, baby, I m not okay with
that. The
temperance, all the want it tries to fill my heart, I won t allow it- I want you
back.

C, Em, Am, F

The thirst it fills my mouth and I m okay, I never wanted this anyway. I m lying
to
myself and it can t be right. But with you on my mind, I can t put up a fight.

(verse)

Am, G, F

And in the light of day...
