[Am] [C] [G] [F]

[Am] Your mother told you when in [C] Rome, you find a place to call [G] home [F]
]

[Am] She said what we [C] have here is so much [G] better than [F] love.

[Am] Just know we can [C] let tradition [G] fade into the [F] ocean.

[Am] We ve got to slap on a [C] smile, [G] I ll go the extra [F] mile for you.

The chords continue in this way for the rest of the song.

Impostors will take my place on the throne at night where I used to lay my face.
I can
never let go of the past, at night I lay alone and hope you ll forget what I
said.

Who ll be laughing when we re knocking twice on Heaven s door? I said no one, we
ll all
be in a hole in the hollow ground. When the Rapture comes, I ll probably just
bleed, I
don t believe, I don t believe. How could this be happening to me?

Impostors will take my place on the throne at night where I used to lay my face.
I can
never let go of the past, at night I lay alone and hope you ll forget what I
said.

[Piano Solo]

said.
