

**Abe La Marca - Hold On Blue Eyes**

**Misc Unsigned Bands**

Looked all over the net for chords for this song and could only find lead which didnt even sound right when I tried it but this is what I figured out sounded good playing along with the song.

Please feel free to add or suggest other methods. Strum to your liking. Enjoy!

....coming in at the tail end of the 4th time of the intro.....

....**Am D Gm Am**

....Oh, I saw you standing on your street

**D Gm Am**

Something changed. I could almost see the heat

**D Gm Am D**

Then you caught me with your eyes. Feel it inside.

**Gm Am**

I couldn t leave you if I tried.....

**Gm Am D**

Hold on, blue eyes. Hold on.

**Gm Am D**

Hold on, blue eyes. Hold on.

The last two verses are identical

The wind blows nobody right mm, hmm

But you make it hard to say goodnight

When you think there s no one there for you

I m coming

Only one thing you can do til then

Hold on, blue eyes. Hold on.

Hold on, blue eyes. Hold on. hey, hey, hey

Trouble comes and then its gone

Hold on, blue eyes. Hold on

Oh, people twist and turn the knife

Why dont they let you live your life?

Just hold on, blue eyes.

Hold on, blue eyes. Hold on
