Capo 2
Tuning: EADGBE (standard)
Chords relative to capo

C and F work instead of C9 and Fmaj7

The fancy little part that ends the the verses is something like this:

```
E 3232-----|
B --33-----|
G ---20-----|
D -----420-|
A -----|
E -----|
```

C9 **Bm**
Are we so different, you and I?
C9 **Bm**
Are we havin trouble seein eye to eye
C9 **Bm**
I guess everybodyâ€™s got excuses and dreams
Fmaj7 **Am**
And itâ€™s just as it seems these days (lyrics?)

C9 **Bm**
what kind of person do you see
C9 **Bm**
when peekin into this heart thatâ€™s brutally beaten down
C9 **Bm**
with failureâ€™s taunts and insecurities
Fmaj7 **Am**
iâ€™m cynical it seems these days

G **Bm**
so what is the point
F **Am**
where do we go from here
G **Bm**
weâ€™re throwin bricks to get our fix

F **Am**
and that's the heart of the issue
G **Bm** **F**
I'd like to say there's a better way
Am
so let's change
F **Am**
cause love remains in the middle

what penance is there left to pay
have we disengaged and thrown it all away
I just want peace of mind and coffee with my cream
but I'm still cynical it seems these days

so what is the point
where do we go from here
we're throwin bricks to get our fix
and that's the heart of the issue
I'd like to say there's a better way
so let's change
cause love remains in the middle

Em **Fmaj7**
hearts of stone will never get it
Am **D**
love will find us if we let it

Chorus chords are the same, just repeat them over and over (last line repeats 3 times at first, and then twice more) for the very end, and you're done!
