Am
Once upon time
A few mistakes ago

Am*
I was in your sights
You had me alone

Asus2*
You found me
You found me

F   **E**
You found me

Am
I guess you didn t care
And I guess I liked that

Am*
And when I fell hard
You took a step back

```
Asus2*                                    F      E
Without me, without me, without me

Am                        Am*
     And he s long gone
                                   Asus2*
When he s next to me
                 F                                E (1 strum)
And I realized the blame is on me

                 Am*                    Asus2
Flew me to places I d never been
F                          E
Till you put me down
      Am                      Am*                            Asus2*

Pretend he doesn t know
That he s the reason why

Am*
From whispers on the street
A new notch in your belt
```

```
Is all I ll ever be
Asus2*                                     F       E
