

Amanda Allemyr - Tearing You Down
Misc Unsigned Bands

G Em Dsus4 Em G D Am7

How can you love somebody who make you feel like this?
Why try to fix something that is doomed to fail?
When was the last time he gave you anything good?
Do you even remember?

Why dont you just leave,
say you are tired of all his shit
Dont think you can handle much more of this
I can see you slowly sinking down to non-existence

Em G D Am7

I cant stand to see you like this anymore,
dont you see? Hes tearing you down
Where is the happy little girl I remember?
Is she there, or is she coming back?

You were one of those people with high ambitions
and a future that seemed so bright
But all of those dreams got out of your reach
as you met him

I cant stand to see you like this anymore,
dont you see? Hes tearing you down
Where is the happy little girl I remember?

Is she there, or is she coming back?
