Verse 2:

And You are there on my heart
at the start, of my every morning and I,
Can t deny, by the end of the day
that I m running on empty but
You make me full, steal my breath, you re so unpredictable
That s what I m coming home to

Oh I m dreaming about a romance
slow dancing with you, when I got you in arms
I don t care what we do

Chorus:

And I ll say hey, you ll say baby, how s ur day,
I ll say crazy, but it s all gonna be alright
You ll kiss my smile, I ll pull you closer
spend a while just getting to know ya
but it s gonna be all alright
I m loving you tonight
