

Beardyman - Where Does Your Mind Go Acoustic
Misc Unsigned Bands

Tabbed from this video: <http://www.youtube.com/watch?v=2I-zPsQNjsY>

Intro:

C# B E D x2

Verse:

C#m A7 G#7

C#m A7
Now everything i say sounds wrong
D C#m
I don t know what I did
A7
I used to feel so strong
D C#m
Now I can t even lift my lid
A7
The lies the I would live
D C#m
If I possessed the power
A7
The future s in our midst
D C#major
As hell begins to flower

Chorus:

F# G# A D C#
Where does your mind go when youâ€™re not using it?
F# G# A D C#
Now you re suffering in silence, and it s just not happening
F# G A D C#
Youâ€™re too cool or you re too eager to just be left alone
F# G A D C#m
You better melt into the moment before you turn to stone

Verse 2:

(Same chords as the first)
Now everything I say is stupid
I can t think what I feel
And though I look upon you
I just can t close the deal
The lines I would cross
If I were in the mood
I have nothing to give
I can only take from you

End with the chorus
