If I Had A Ladder

By: BJ Stewart

Key: **Ab**

Verse 1:

**Ab** **Db** **Ab** **Db**  
If I had a ladder that reached up to the sky  
**Ab** **Db** **Ab**  
I would climb up to You and sit right by Your side  
**Db** **Ab**  
I d ask You every question that came to my mind, that s right  
**Ab** **Db** **Ab** **Db**  
If I had wings for flying, I d go up in the air  
**Ab** **Db** **Ab**  
I d soar above the heavens so I could see the view from way up there  
**Db** **Ab**  
I d ask You how can You keep the world in motion and still hear my prayer  
**Fm** **Eb** **Db**  
And there s so many things I d like to see,  
**Fm** **Eb** **Db**  
to satisfy my curiosity  
**Fm** **Eb** **Db**  
Was it harder to form the mountains and the seas  
**Fm** **Eb** **Db**  
than it is to put up with me?

Chorus:

**Ab** **Eb**  
Your ways are higher, Your thoughts are higher,  
**Fm** **Db**  
Your wisdom is higher than I can think  
**Ab** **Eb**  
Your love is stronger, Your grace is greater  
**Fm** **Db**  
Than all the things that make sense to me  
**Fm** **Eb** **Ab** **Db**  
You can t be explained, and every time I try to figure You out  
**Fm** **Eb** **Ab**  
There You go blowing me away again

Verse 2:

**Ab** **Db** **Ab** **Db**  
 You breathe Your breath into me and then You take my breath away  
**Ab** **Db** **Ab**  
 You'd think I would be speechless, but still I find something to say  
**Db** **Ab**  
 Why must I try and complicate that which can't be explained  
**Fm** **Eb** **Db** **Fm** **Eb** **Db**  
 Still I try to reason it all, refusing to believe in miracles  
**Fm** **Eb** **Db** **Fm** **Eb** **Db**  
 When You are supernatural, and that's all I really need to know  
 (chorus)

Bridge:

**F** **Db** **F**  
 You separated light from darkness, You created the sky  
**Db** **Eb** **F**  
 You made dry land, You made the seas, and it all was good  
**Db** **F**  
 Everything was in its place as You saw fit for it to be  
**Db** **Eb** **Db**  
 Your handiwork displays Your majesty  
**Eb** **Fm**  
 And still You delight in me

(soft)

**Ab** **Eb**  
 Your ways are higher, Your thoughts are higher,  
**Fm** **Db**  
 Your wisdom is higher than I can think  
**Ab** **Eb**  
 Your love is stronger, Your grace is greater  
**Fm** **Db**  
 Than all the things that make sense to me
