

Block B - Be The Light

Misc Unsigned Bands

Block B is back! I don't know about you guys, but after waiting for year, I'm overly excited for them to be back. The music video came out today, and being the person I am, I wanted to play it on guitar as soon as possible. This is my first ever submission to this site, and I'm happy it's Block B's new song!

Chords: **G D(or F#m) Em C**

And you just play those the entire song!
