

Call To Glory - Roll With Me
Misc Unsigned Bands

This is just the chords in it, I figured it out in like 5 minutes, if theres anything wrong with me, message me, don t just complain about it, let me fix it.

I m not even putting the lyrics in. Cause I m lazy. Might get the solo bits in sooner or later, depending on my state of insomnia/boredom.

Verse- **G, D, Em, C**

Blah blah blah first time I saw you...

Chorus- **G, D, C, D**

Roll with me todayyyyyyayay

Break- **C... C... G, D, Em, C**

G, D, Em, C, rinse and repeat

back to the other stuff

Doubt I ll get any kind comments about this song... Just listen to it, it s fairly
easy... whelp, if you have any corrections, just message me on here.
