CAPO 2

**Eb**  
If I go walking past the town signs  
**G#**  
Further on down the highway  
**Eb**  
Theyâ€™ll be something waiting for me  
**Bb7**  
Iâ€™m not fooling myself again

**Eb**  
You know I left this all behind  
**G#**  
Long before you came across my mind  
**Eb**  
Nothing kept me from leaving that day  
**Bb7**  
But that day was nothing like today

Chorus:

**Cm**  
I fell on my knees then  
**G#**  
I prayed that change would spare me  
**Eb** **Bb7**  
And that I could stay, That I could stay  
**Eb** **G#** **Eb** **Bb7**  
The same, old way

**Eb**  
The times are flying right before me  
**G#**  
Itâ€™s not like before when I was blind  
**Eb**  
I remember seeing only the colors  
**Bb7**  
Of the beautiful western skies  
**Eb**  
Now things are much deeper  
**G#**  
Makes the darks much darker  
**Eb**  
But the lights shine brighter  
**Bb7**

On your beautiful face

Chorus:

**Cm**

I fell on my knees then

**G#**

I prayed that change would spare me

**Eb**

**Bb7**

And that I could stay, That I could stay

**Eb**

**G#**

**Eb**

**Bb7**

The same, old way

**Eb**

The colors turn and turn back again

**G#**

There's always something to believe in

**Eb**

But that's not what your searching for

**Bb7**

No, it's something more hidden

**Eb**

You could spend your life waiting round

**G#**

Or you could finally up and leave this town

**Eb**

But that something just followed you

**Bb7**

No matter which road you go down

Chorus:

**Cm**

I fell on my knees then

**G#**

I prayed that change would spare me

**Eb**

**Bb7**

And that I could stay, That I could stay

**Eb**

**G#**
