The Power To Be Alive | Chords of Truth
Written by Jason Garriotte

(Capo 2)

Am G D x2

Am G D
In the realms beyond what we perceive
Endure all souls that have been conceived
They surround us despite going unseen
Were all connected as we are playing out our scene

Chorus

Em C G D
Em C D
We all are looking to survive.
Em C G D
Em C D
You hold the power to be alive

There is a presence on the other side
Steering the tide toward a goal worth pride
Subtle sparks can be sensed between our thoughts
Its where the truth lies, but awareness cant be bought

Chorus

Em C G D
Em C D
We all are looking to survive.
Em C G D
Em C D
You hold the power to be alive

Bridge

F C F C E
Being alive forms varied shades, dont let the colors begin to fade
F C F E
Discover brilliance in the clouded beauty so you can be rapturous and free

Choices arrive like the rising sun
Or in the shadows cast by the mountains
So tune your mind to impressions you may have
And ask your heart, is this the right path.

Chorus

(softly)

Em C G D

Em C D
