

Chyi Yu - Tears Donde Voy

Misc Unsigned Bands

**Am**                    **E**                    **Am**  
All alone I have started my journey  
**Dm**  
To the darkness of darkness I go  
**Am**                    **E**                    **Am**  
With a reason, I stopped for a moment  
**F**    **E**  
In this world full of pleasure so frail  
Town after town on I travel  
Pass through faces I know and know not  
Like a bird in flight, sometimes I topple  
Time and time again, just farewells

chorus:

**Dm**                                    **Am**  
Donde voy, donde voy  
**E**    **Am**  
Day by day, my story unfolds  
**Dm**                                    **Am**  
Solo estoy, solo estoy  
**E**    **Am**  
All alone as the day I was born

Till your eyes rest in mine, I shall wander  
No more darkness I know and know not  
For your sweetness I traded my freedom  
Not knowing a farewell awaits  
You know, hearts can be repeatedly broken  
Making room for the harrows to come  
Along with my sorrows I buried  
My tears, my smiles, your name

chorus:

Donde voy, donde voy  
Songs of lovetales I sing of no more  
Solo estoy, solo estoy  
Once again with my shadows I roam  
Donde voy, donde voy  
All alone as the day I was born  
Solo estoy, solo estoy  
Still alone with my shadows I roam
