Capo 8th fret

[Verse 1]

Em **C** **G**
Started off at school
 D
Always saying she wasn't good enough
Em **C** **G**
Rumours spread and stories told
 D **Em**
That she somehow heard of

C
Then the social network came
 G **D** **Em**
And it got so much badder
 C **G**
Telling her to just give up
 D **Em**
So she listened to the chatter

[Chorus]

C **G**
How do you feel now she's gone
 D **Em**
And her family is torn
 C
How do you feel now
 G **D**
She's watching you live on
Em **C** **G**
How do you feel now she's gone
 D **Em**
And what your words have done
 C
You can try you can cry you can scream
 G **D** **Em**
But you're not innocent

[Verse 2]

Em **C** **G**
Started out with the razor
 D **Em**
When she was shaving her legs
 C

Then it got to a knife when

G **D**

She wasn't with her parents

Em **C** **G**

Always wearing jumpers and bangles

D **Em**

To cover up the suicide attempts

C **G**

And then they pushed her too hard

D **Em**

And she walked over the edge

[Chorus]

C **G**

How do you feel now she's gone

D **Em**

And her family is torn

C

How do you feel now

G **D**

She's watching you live on

Em **C** **G**

How do you feel now she's gone

D **Em**

And what your words have done

C

You can try you can cry you can scream

G **D** **Em**

But you're not innocent

[Verse 3]

Em **C**

Maybe next time

G **D** **Em**

You won't let it get that far

C

You'll shut your mouth coz

G **D** **Em**

You know what the consequences are

C

There's blood on your hands

G

I hope you realise now

D **Em**

You killed her yourself

C **G** **D**

I hope you've figured that out

[Chorus]
