

Colby Yates - If I Had A Million
Misc Unsigned Bands

This was originally done by Pat Green but Colby Yates does a tremendous job at it.

It consists of pull offs and hammer ons on the chords. If you listen to the song, they are easy to figure out and play. On the D chord pull off and hammer on on the E string. On the A chord do the same for the B string. On the G chord hammer on your fingers on the low E and A strings.

If I Had A Million- Colby Yates

D **A**
If I had me a million, I d build you a mansion
G **A**
A hundred miles from nowhere, All a girl could need
D **A**
We d run around in the hallways, dance out in the backyard
G **A**
Ain t got no neighbours, Ain t no one would see.

Verse 2

If I had me a speed plane, I d fly across the land
Land in some little border town
We d drink some margaritas, dance to mariachi
Put You on my speed plane and I d, bring you back home

Verse 3

If I had me a steam boat, we d sail across the ocean blue
Dock in some little port of call
We would have a fine time, swiss cheese and french wine,
Put you on my steam boat and I d bring you back home

Verse 4

But I ain t got a million, Aint got a speed plane no
Ain t got a boat upon the sea,
All I got are these two strong armsI can hold you so tightly,
Baby won t you, won t you please
Come back home to me

But I ain t got a million, Aint got a speed plane no
Ain t got a boat upon the sea,
All I got are these two strong armsI can hold you so tightly,
Baby won t you, won t you please
Come back home to me----

Again, enjoy!
