

Collectors Club - First To Know
Misc Unsigned Bands

This song can be played two ways. Either with a capo on the third fret using the chords C, F, Am and G. Or, if you don't have a capo use the chords D#, G#, Cm and Bb. I have wrote the chords out relative to the capo being on the 3rd fret, but just transpose the tab to make it relevant to how you're playing it (transpose it up 3 half steps).

Chords used:

Bb (X32010)
Eb (133211)
Gm (X02210)
F (320033)

Or if you're not playing it with a capo:

C# (X68886)
F# (466544)
Ebm (X35543)
G# (688766)
