Last night I had a crazy dream, about a chick in a  
  
black bikini.

Oh, she looked so good she couldn t be real..

**G** **C**  
she must be a magic genie.

**F**  
But she disappeared around the corner..all I saw  
  
were three doors and the top of her bikini.

I made it through the first door..there was a party  
  
going on.

**G** **C**  
I asked about the chick but what they said was freaky..

CHORUS:
