Iâ€™m just grouping them randomly into verse and chorus.

During the Verse Am to C changes really fast, half a bar each, just pluck the whole chord once and for G & F it goes for a full bar, so you just pluck the bass note den the chord and repeat a few times, so thumb fingers thumb fingers.

Chorus is played just by a single strum. Chorus2 is played thumb fingers thumb fingers again, bass note, den chord.

These are the chords I use, I donâ€™t know how accurate they are.
