**Misc Unsigned Bands**

**C G Bm F**

I watch you from a distance  
I gander from afar  
I feel so sad without you  
Like the last cookie from a jar  
I wish that I could tell you those 3 words and take it on the chin  
But I can never do that or win  
For I m only a muffin

Only a muffin

I have no idea what gender I am  
But what I do know is our love will last forever  
I love you like a pony who really loves a thing  
Like a duck to a river or water  
I would wubs you with all my heart  
If I had a heart  
But I m made of

**Dm C Am Dm**

I got flour, baking powder and butter  
I got sugar, milk and chocolate chips

**A# C Am Dm**

You want eggs, just add two  
But who cares, no big deal,

**C**

I love youuuuuuuuuuu

**C G Bm F**

You are as graceful as a pig on ice  
Your eyes make me melt like an ice Popsicle  
I just don t know what went wrong with our starcrossed love  
I wish we could fly to the castle togeeeeeetherrrrrrr

But I m not a multicolored Pony  
I m only a Muffin
