**G** **C**  
I see you standing over there in the corner,  
**Am**  
You got eyes like me,  
**D**  
I got nothing to lose,  
**G**  
I say Hi you say Hi ,  
**C**  
We have a quick conversation,  
**Am**  
It s just smalltalk,  
**D**  
But I got nothing to lose,

**Em** **C**  
Love can grow,  
**G** **Bm**  
It can blossom out of something small,  
**Em** **C**  
Turn into something beautiful,  
**G** **Bm**  
Be something so meaningful,  
**Em** **C**  
And I catch you, looking at me,  
**G** **Bm**  
I m looking at you, couldn t this be..  
**Em** **C** **Bm**  
Something beautiful?

**G** **C**  
I know it s probably weird for you,  
**Am**  
But I m hooked on your swagger,  
**D**  
And your smile, it s true,  
**G**  
You got a good sense of humour,  
**C**  
And I like you alot,  
**Am** **D**  
Not a believer in love at first sight,  
But what we got,  
**G**  
Could it be love?
