===========

```
      D#
I ll do it all again
        Cm                      G#
If I thought it ll make it better
          D#                A#
I would kiss your lips again
           Cm                G#
If it ll keep us both together

        D#    A#          Cm    G#
We re faded now, we re coming down
        D#          A#                      Cm              G#
```

Our time is through, and there s nothing we can do

```
            D#
Cause there s no way out of nowhere
              G#
There s no place to hide from the truth
        Cm
And this time the storm won t blow over
        G#              A#
It s the end of me and you
        D#
We re apart when we re together
          G#
We re strangers whatever we do
          Cm
We can fight but we can t make it better
        G#              A#
It s the end of me and you
```

D# -- G# -- Cm -- A# -

```
    D#                  A#
I figured we d both change
        Cm                    G#
But I thought we d change together
      D#                A#
The pain will pass in time,
          Cm                G#
but the loss will last forever
```

```
        D#    A#          Cm      G#
We re faded now, we re coming down
        D#        A#                    Cm          G#
Our time is through, and there s nothing we can do
```

```
            D#
Cause there s no way out of nowhere
              G#
There s no place to hide from the truth
          Cm
And this time the storm won t blow over
        G#              A#
It s the end of me and you
        D#
We re apart when we re together
          G#
We re strangers whatever we do
          Cm
We can fight but we can t make it better
        G#              A#
It s the end of me and you
```

```
  A#                      Cm              G#
```

```
         We re getting farther as we grow
 A#                        Cm                      G#    (A#)
     Can t hold onto nothing, gotta let you go

        D#
There s no way out of nowhere
       G#
There s no place to hide from the truth
Cm
This time the storm won t blow over
         A#
It s the end of me and you

        D#
We re apart when we re together
        G#
We re strangers whatever we do
       Cm
We can fight but we can t make it better
       G#              A#
It s the end of me and you

         D#
And I m running out of reasons
         G#
I won t waste anymore of your time
       Cm
And I know that it s my life that I m leaving
        G#              A#
It s the end of me and you

Finish with D#
