Standard Tuning

(G)I was sittin , thinkin , worryin about today
When I (D)think about tomorrow then you re gone away
It s a (C)mystery child, bought and (G)sold
(G)I was sittin , drinkin , wonderin what to say
When (D)something comes up, down Broadway
It s (C)another round, heart and (G)soul

There (C)ain t no doubt (G)about it
Ain t (C)never gonna shine these (G)shoes
There (C)ain t two ways (G)around it
One ain t got (D)time for these blues
(G)I will spend all of (C)my better (G)days
Just payin my (D)union (G)dues

Well I was dreaming, scheming, thinking about a way
I could strike down hard, and numb my pain
That s my right, right or wrong
I was grinnin , beamin , seemin just to say
That come what might or come what may
I ll have this fight, all night long
This is my work song

There ain t no doubt about it
Ain t never gonna shine these shoes
There ain t two ways around it
One ain t got time for these blues
I will spend all of my better days
Just payin my union dues

I was sittin , thinkin , worryin about today
Cause when I think about tomorrow then you ve gone away
Then I miss you child, heart and soul

There ain t no doubt about it
Ain t never gonna shine these shoes
There ain t two ways around it
One ain t got time for these blues
I will spend all of my better days
Just payin my union dues
I will spend all of my better days
Just payin my union dues
