C **G** **F#**
Too long, too late, too lie, to let go

C **G** **F#**
Warm nights, green eyes, I left without you

C **G** **F#**
I cant sleep, God only knows what youre doing now

C **D** **C** **D**
And I hope youre feeling the same

Chorus

G **F#** **Em** **C**

Outro

G **F#** **C** **D**

Are you really over me?
Ive got a violent pain
Silence the city lights, from your abandoned eyes
Under the starry skies
Before I let you go, theres something I need to know

West coast, doors closed
I meant what I said
Traded a lifetime, the night that we met
Dont spend forever waiting for the one
Get out and tear her heart off her sleeve
