Verse

Too long, too late, too lie, to let go

C G F#

Warm nights, green eyes, I left without you

C G F#

I cant sleep, God only knows what youre doing now

C D C D

And I hope youre feeling the same

Chorus

G F# Em C

Outro

G F# C D

Are you really over me?

Ive got a violent pain

Silence the city lights, from your abandoned eyes

Under the starry skies

Before I let you go, theres something I need to know

West coast, doors closed
I meant what I said
Traded a lifetime, the night that we met
Dont spend forever waiting for the one
Get out and tear her heart off her sleeve
