Title: Far Too Long
Artist: Will Elmhorst

[Intro]

A **D** x 4

A **D** **A**
Life on the road was a life I could never regret
D **A**
Late nights, long miles, and the faces I will never forget
D **A**
Time to turn the page
D **A**
Settle down and earn a wage
D **E** **D**
But I d rather be in the spotlight on the stage

—
[Chorus]

A **D** **A**
Cause it s far too long since I ve lived the nights
I ve waited far too long to see my name in lights
F#m
There s a hunger deep inside of me,
B
the question if I could be
D **E**
holding back a part of me
A **D**
for far too long

Tried to put away sins of my youth
Tried to find a way to make myself of use
but a voice kept reminding me
a suit and tie is not my cup of tea
my guitar and my heart sing in harmony
[Chorus]

Years have a way of drifting past the door
before you know it you ve lived a whole lot more
See life in a different light,
try living less wrong and more right
but some dreams can let go and hold on tight
[Chorus]
Holding back a part of me for far too long....
Holding back a part of me for far too long....
E **A** **G** **D** **A**

Holding back a part of me for far too long....
