A Quantum of Solace

Verse:

**Bm**

All The Years we went together

**A**

You told me your pain, you coming better

**Bm**

I hear your story, feeling sadder

**G**

**F#**

Hear a boyfriend's name, getting madder

In the world of rage and pain,  
Are the weapons all the gain?  
Never ending story's told,  
Love is the only thing to hold

A Quantum of Solace

Is Running Through Your Face

Is Something of My Help for You

Let These Things Never Go (2x)

Behind your eyes, you're in mourning  
That's what you earning, early Morning  
Tea, and Coffee all that problems  
You never want it anymore and

The blue letter, come from the school  
You injure again all the rules  
Mam and Dad think you're fool  
All Your friends said, keep it cool

**F#**

That's why the solace,

**F#**

That's why the solace,

**G**

Yeah that's why no quantum of solace helps you

Refrain

**F#**

All the shit you did in life,

**F#**

**G**

Is the base of the solace,

Refrain

A Quantum of Solace  
Is Running Through My Face  
Is something of your help for Me
