**Misc Unsigned Bands**

YOU LL NEVER BE MINE  
FONGOO

**B-G#m-E**

come right here  
i d still waitin  
for a miracle  
with your angelic face  
my head drop like a falling star

[REFRAIN] **B-G#m-E-F#**

when you say i m sorry  
you re not the one for me  
i cried loud,.. CALLING your name

[CHORUS] **B-F#-G#m-E-F#**

everytime i see those flickering shadows  
up in the sky, i could stand all through the night  
every moment you re telling me lies  
i can feel it in your heart that you will never be  
mine..

**(B-G#m-E)**

take me away  
from the darkness  
and from the loneliness  
with your spreading wings  
my heart shines like a diamond ring

[REPEAT REFRAIN AND CHORUS]
